### 2.40(b)(2) DIRECT REPEAT

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

An adult female hedgehog in bin #43 was noted during the inspection conducted on 9/21/2015 to appear thin and, based on the licensee's cage card records, had lost 13% of her body weight (398 grams on 6/11/15 compared to 346 grams on 9/19/2015). The animal was not reweighed by the licensee until the AC VMO returned on 9/23/2015 when the weight for this animal was 341 grams, which had dropped another 5 grams since 9/19/2015..

This significant and continued weight loss of >13% total body weight below pre-pregnancy weight along with her thin appearance may indicate she is either not eating well enough after the pups have been weaned or there may be an underlying problem causing the weight loss.

\*\*This hedgehog must be examined by the attending veterinarian by 9/23/2015 for possible diagnosis for the weight loss, including treatment and follow-up plans. Records containing information on the suspected diagnosis, treatment needed, and follow-up plan need to be made available to APHIS inspectors by 9/25/2015.

\*\*A juvenile male hedgehog was evaluated by a veterinarian on 9/21/2015 where a diagnosis of mild upper respiratory infection was made. The veterinarian initiated treatment for the diagnosed condition and there is a plan to repeat antibiotic treatment in two weeks if animal has not improved.

Each dealer or exhibitor shall establish and maintain programs of adequate veterinary care that include the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries, and the availability of emergency, weekend, and holiday care.

and State.

\*\*One hedgehog acquired on 6/25/2015 had no driver's license number and State and no vehicle license state to accompany the number.

Accurate and complete records for the acquisition and disposition of animals other than dogs and cats are required to ensure that legal acquisition and humane transportation and care occur.

Every dealer shall make, keep, and maintain records or forms which fully and correctly disclose the following information concerning animals other than dogs and cats, purchased or otherwise acquired, owned, held, leased, or otherwise in his or her possession or under his or her control, or which is transported, sold, euthanized, or otherwise disposed of by that dealer. The records shall include any offspring born of any animal while in his or her possession or under his or her control.

To be corrected by 9/25/2015.
