GREENFIELD PUPPIES

Type: ROUTINE INSPECTION

Date: 17-MAY-2023

2.77(b)

Records: Carriers and intermediate handlers.

There were no copies of the health certificates available for puppies transported between March 8, 2023 and May 17, 2023. A copy of the health certificate for a ten week old Bichon Frise that was delivered to Harrisburg International Airport on April 4, 2023 was not available for inspection (see Air Waybill # 001 MDT 77918201). Failure to keep and maintain copies of health certificates makes it difficult to keep track of animal shipments and access the age and health of the animal being shipped. The carrier must keep and maintain copies of the health certificate for each live dog or cat shipped.

This inspection and exit interview were conducted with facility representative.
