Type: ROUTINE INSPECTION
Date: 18-APR-2023

2.134(a)

Contingency planning.

A developed contingency plan was not available at time of inspection. Contingency plans help prepare facilities on how to provide humane handling of animals during emergent events. The licensee must develop a complete contingency plan tailored to the facility and animals on hand. All personnel must be trained on their roles and responsibilities within this plan and the facility must maintain documentation thereof. The contingency plan must be reviewed and documented annually.

Correct by 17 May 2023 by developing a contingency plan.

This inspection and exit interview were conducted with licensee.
