Type: ROUTINE INSPECTION

Date: 29-AUG-2025

2.75(a)(2)

Records: Dealers and exhibitors.

During inspection, the APHIS official requested APHIS Form 7005 and APHIS Form 7006 and the facility representative stated all paperwork was with the traveling licensee on their dog show. The two forms requested are necessary to maintain records of animals born on the property or purchased. Each dealer and exhibitor shall use Record of Acquisition of Dogs and Cats on Hand (APHIS Form 7005) and Record of Disposition of Dogs and Cats (APHIS Form 7006) to make, keep, and maintain the information by paragraph (a)(1) of this section.

To be corrected by September 20, 2025.

2.126(c)

Access and inspection of records and property; submission of itineraries.

During inspection, the APHIS official asked the facility representative if they had submitted a travel itinerary since they had stated the licensee was traveling with the dogs. The facility representative stated the itinerary had not been submitted before the licensee left with the dogs. The itineraries are important to keep track of where animals are been moved to and to assure the humane treatment of animals during transportation. The itinerary shall be received by the Deputy Administrator no fewer than 2 days in advance of any travel and shall contain complete and accurate information concerning the whereabouts of any animal intended for exhibition at any location other than the person's approved site.

To be corrected by September 10, 2025.

3.8

Exercise for dogs.

During inspection, the APHIS official requested the exercise for dogs' plan, the facility representative described their process, but the document was not available for review during inspection. Dealers, exhibitors, and research facilities must develop, document, and follow an appropriate plan to provide dogs with the opportunity for exercise. In addition, the plan must be approved by the attending veterinarian. The plan must include written standard procedures to be followed in providing the opportunity for exercise. The plan must be made available to APHIS upon request, and, in case of research facilities, to officials of any pertinent funding Federal agency.

3.13(a)

Veterinary care for dogs.

During inspection, APHIS official requested the program of veterinary care for dogs and the facility representative stated that all paperwork was with the licensee who was traveling with the animals to a show. Documented veterinary care plan for dogs must be signed by the attending veterinarian and made available for APHIS inspection. Each dealer, exhibitor, and research facility must follow an appropriate program of veterinary care for dogs that is developed, documented in writing, and signed by the attending veterinarian. Dealers, exhibitors, and research facilities must keep and maintain the written program and make it available for APHIS inspection. The written program of veterinary care must address the requirements for adequate veterinary care for every dealer and exhibitor in § 2.40 of this subchapter and every research facility in § 2.33 of this subchapter.

To be corrected by September 20, 2025.

This inspection and exit interview were conducted with Facility Representative.
