2.31(c)(3)

Institutional Animal Care and Use Committee (IACUC).

The semi-annual facility inspection report does not include a specific schedule with dates for correcting minor deficiencies. Failure to include dates for anticipated corrections does not allow the Institutional Official (IO) to monitor the status of the facility and actions of the IACUC. Correct by January 1, 2025 by ensuring that any program or facility deficiencies noted on the report to the IO contain a reasonable and specific plan and schedule with dates for correcting each deficiency.

This inspection and exit interview were conducted with the Attending Veterinarian, Senior Director, Quality Director, and Animal Care Supervisor.
