Date: 09-SEP-2015

### 2.40(a)(1)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The program of veterinary care is incomplete. There is no information on the type, dosage and route of administration of ivermectin or valbazen for internal parasite control. The licensee must have adequate guidance from the attending veterinarian on the concentration, use, dosage, frequency and administration of all medications and drugs. The program of veterinary care must be complete to provide guidance to the licensee to maintain the health of the animals. The program of veterinary care must include the type of ivermectin and valbazen used, dosage, and route of administration so the animals receive the appropriate amount parasite control. Correct by September 21, 2015

An exit briefing was conducted with the owner.
