

## Inspection Report

---

Qed Biosciences Inc.  
10919 Technology Place, Suite C  
San Diego, CA 92127

Customer ID: 1707

Certificate: 93-R-0389

Site: 001

QED BIOSCIENCES, INC.

Type: ROUTINE INSPECTION

Date: 15-JUL-2015

---

### 3.51(d)

#### FACILITIES, INDOOR.

At least 10 rabbit enclosures are moderately covered in rust. The presence of rust may prevent the required cleaning and sanitizing of the enclosures, which may adversely affect the health and well-being of the animals.

The facility is currently replacing rabbit primary enclosures, food receptacles, wood beams, and other structures. It was noted that one barn has been completed and a second barn had one row of enclosures replaced.

The interior building surfaces of indoor housing facilities shall be constructed and maintained so that they are substantially impervious to moisture and may be readily sanitized.

To be corrected by January 1, 2016

An exit briefing was conducted with the facility representative.

This was a focused inspection of the rabbit facility.

Accompanied on inspection by Dr. Tyler Fields, Veterinary Medical Officer

#### Additional Inspectors

Fields Tyler, Veterinary Medical Officer
