### 2.1(a)

#### REQUIREMENTS AND APPLICATION.

This was a search inspection.

Facility owner's wife was present during this search inspection. Owner's wife stated that they currently have about 15-20 dogs but are currently downsizing. She also stated that they currently sell all their pups to a few individuals. She confirmed that they are wholesaling the puppies to the individuals that would then re-sell the puppies. Sale records confirm that they sold to a pet store on 3/10/14. Regulations regarding licensing requirements were explained in detail. When greater than 4 breeding females are maintained, the wholesale sale of puppies without a license is a violation of Section 2.1 of the Animal Welfare Act. Any person operating or intending to operate as a dealer (who is not otherwise exempted from the licensing requirements) must have a valid license. The owner shall file a completed application form with the AC Regional Director if he would like to conduct any further regulated activity.

An application packet was provided to the owner's Wife.

NO REGULATED ACTIVITY MAY BE CONDUCTED UNTIL A USDA LICENSE IS OBTAINED
