### 2.126(b)

#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 11:00 AM on 01-JUN-2023.

Inspector attempted to contact licensee by knocking on the door, yelling hello twice towards the animal facilities, and calling the licensees cell phone. The licensee answered their cell phone and stated they were away for overnight exhibition and were unable to conduct an animal welfare inspection.

The licensee failed to have a responsible person available to conduct an animal welfare inspection. The facility was not able to be inspected for compliance with the Animal Welfare Act, regulations and standards to ensure the health and well-being of the animals.

A responsible person must be available to accompany the inspector on an animal welfare inspection.
