

Inspection Report

Bradley Mountain Farm
537 Shuttle Meadow Rd
Southington, CT 06489

Customer ID: **502032**

Certificate: **16-C-0170**

Site: 002

Bradley Mountain Farm

Type: ROUTINE INSPECTION

Date: 21-MAY-2025

2.40(b)(2)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

At the time of inspection, expired bottles of Albon (sulfadimethoxine) (expired December 2024) and tetanus antitoxin (expired November 20, 2018) were found stored in the drug refrigerator and have been administered past their expiration date. Use of expired medications does not constitute the standard of care as they may not be safe or effective, although there was no evidence of adverse effects following administration of these medications. The facility must ensure that medications are properly disposed of before the expiration date is reached. Correct by June 18, 2025.

This inspection and exit interview were conducted with a facility representative.
