Site: 001

ESJ JI OPERATIONS

Type: RE-LICENSE INSPECTION

Date: 27-MAR-2024

2.131(c)(1)

Handling of animals.

During inspection, there was no physical barrier or distance to prevent direct physical interaction between the general public and the animals; enclosures of approximately 77% of all regulated animals at the facility (mostly psittacine bird species) are lacking required barriers and/or sufficient distance. During public exhibition, the facility must ensure there is minimal risk of harm to the animal and to the public, with sufficient distance and/or barriers between the animal and the general viewing public. To assure the safety of both, animals and the public as required by the Animal Welfare Act, the facility must establish/built physical barriers with sufficient distance between enclosures and the viewing public.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by April 27, 2024, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
