Records: Dealers and exhibitors.

The licensee voluntarily indicated that he did not have disposition records for the inspector to review for 2 dogs sold since the last inspection. All sales of dogs and puppies must be maintained and available for an APHIS inspector review. Records containing the required information for animals disposed of, are necessary to accurately track animals and to ensure their humane care and use. The licensee must make and maintain records of disposition of all animals to fully and correctly disclose the required information in this subpart 2.75(b)(1). Correct by August 18, 2025

2.134(b)

Contingency planning.

The contingency plan was not available for review and the licensee did not perform the annual review. The plan must be reviewed by the dealer on at least an annual basis to ensure that it adequately addresses the criteria listed in 2.134(a). Each licensee and registrant must maintain documentation of their annual reviews, including documenting any amendments or changes made to their plan since the previous year's review. Contingency plans, as well as all annual review documentation, must be made available to APHIS upon request. Correct by August 18, 2025
