Certificate: **88-C-0205**
Site: 001

GILCREASE NATURE SANCTUARY

Type: ROUTINE INSPECTION
Date: 04-OCT-2016

2.40(b)(2) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

One bottle of expired medication was found during this inspection: Caprofen prescribed for the goat "Big Mama" had expired on 6/2016.

The use of expired medications is not considered to be safe or appropriate methods to prevent, control, diagnose, and treat diseases and injuries since the expected results cannot be guaranteed and the animals may experience pain and distress due to mistreatment, unrelieved symptoms, or due to unexpected side effects.

The program for providing adequate veterinary care shall include the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries.

A system to identify and remove expired medical supplies shall be developed and implemented by 10/11/2016.

3.125(c) REPEAT

FACILITIES, GENERAL.

Swine Feed: Adjacent to the swine pen there was one bag of open pelleted swine feed, stored in the direct sun and exposed to the elements, on a wooden pallet.

Supplies of food or food supplements must be stored in facilities which adequately protect such supplies against deterioration, molding or contamination by pests to ensure the health and well-being of all animals. A system of food storage which adequately protects the supplies of food for all animals must be in place. Opened bags of feed must be secured in containers with tightly fitting lids.

Correct by 10/11/2016

This inspection and exit interview were conducted with the facility representative on 10/4/2016.
