

Inspection Report

Elm Hill Labs Inc
7 Kidder Rd.
Chelmsford, MA 01824

Customer ID: **9059**
Certificate: **14-A-0017**
Site: 001
Elm Hill Labs Inc

Type: ROUTINE INSPECTION
Date: 26-AUG-2025

3.31(a)(1)

Sanitation.

Multiple enclosures were identified with an accumulation of organic material, excreta and debris. This was noted particularly in the corner areas. Excessive amounts of debris build up could harbor bacteria and could cause illness to the animals. Enclosures must be cleaned and sanitized as often as necessary to prevent an accumulation of excreta or debris. The facility is in the process of refining sanitation protocols in order to address this issue.

*****Correct by 11/26/25

This inspection and exit interview were conducted with the facility representatives.
