TERRY ANDERSON

Type: ROUTINE INSPECTION
Date: 31-OCT-2018

2.131(c)(1)

HANDLING OF ANIMALS.

There are currently no attendants or barriers in place to prevent public contact with the camel, water buffalo, reindeer, sitatunga and nilgai.

During public exhibition, any animal must be handled so there is minimal risk of harm to the animal and to the public, with sufficient distance and/or barriers between the animal and the general viewing public so as to assure the safety of animals and the public.

Sufficient distance or barriers must be in place to prevent public contact with wild or exotic animals to ensure the safety of the animals and the public.

To be corrected by November 30, 2018.

3.127(d)

FACILITIES, OUTDOOR.

There are two wolves that do not have an 8' perimeter. They are surrounded by a 4' fence on three sides and have no perimeter fence on the fourth side.

Perimeter fence. On or after May 17, 2000, all outdoor housing facilities (i.e., facilities not entirely indoors) must be enclosed by a perimeter fence that is of sufficient height to keep animals and unauthorized persons out. Fences less than 8 feet high for potentially dangerous animals, such as, but not limited to, large felines (e.g., lions, tigers, leopards, cougars, etc.), bears, wolves, rhinoceros, and elephants, or less than 6 feet high for other animals must be approved in writing by the Administrator. The fence must be constructed so that it protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it and having contact with the animals in the facility, and so that it can function as a secondary containment system for the animals in the facility. It must be of sufficient distance from the outside of the primary enclosure to prevent physical contact between

Inspection Report

animals inside the enclosure and animals or persons outside the perimeter fence. Such fences less than 3 feet in distance from the primary enclosure must be approved in writing by the Administrator.

An 8' perimeter fence must be constructed to be used as a secondary containment and to ensure there is no public contact with the wolves to protect the safety of the animal and the public.

To be corrected by November 30, 2018.

This inspection and exit interview were conducted with the owner.
