3106 East Garvey Ave. South
West Covina, CA 91791

Customer ID: **501064**
Certificate: **93-R-0577**
Site: 001

OEYAMA MOTO CANCER RESEARCH FOUNDATION

Type: ROUTINE INSPECTION
Date: 21-DEC-2016

2.30(a)(1) CRITICAL REPEAT

REGISTRATION.

A follow up visit to the facility was conducted this morning to determine the status of the facility's registration. The facility representative stated that the application, as well as veterinary papers, had been sent into the USDA Animal Care regional office at least a month ago, maybe even a month and 2 weeks ago. No USDA research certification has been issued for this facility as of yet. The facility representative also stated, that the study was over and that the dogs would probably be euthanized tomorrow.

This conversation was between the facility representative and the Animal Care inspector.

Registration is required so that regulatory oversight, which includes conducting inspections, can be maintained to assure compliance with the Animal Welfare Act (AWA). It is a violation of the AWA to conduct research on covered animals without being registered.
