### 2.40(a)(1)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The licensee no longer has an attending veterinarian for this facility . During the last inspection on August 18, 2015, this facility was aware that the attending veterinarian was not returning phone calls and needed another attending veterinarian. The Curator stated he had a meeting with an attending veterinarian in Miami, however licensee needs to ensure adequate veterinary care is provided in a timely manner and in emergencies. Each exhibitor shall have an attending veterinarian who shall provide adequate veterinary care to its animals and in the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the exhibitor.

TO BE CORRECTED BY: OCTOBER 9, 2015.

The exit interview was conducted with the Curator.

### 3.127(b)

#### FACILITIES, OUTDOOR.

The fan for the panting cougar was not working during this inspection due to a electrical / breaker problem. The cougar lays on in a wood shelter high in the enclosure, so this area is most likely hotter than the bottom of the enclosure without a shelter. Although it is the start of Fall, the ambient temperature was over 90F. Natural or artificial shelter appropriate to the local climatic conditions for the species concerned shall be provided for all animals kept outdoors to afford them protection and to prevent discomfort to such animals.

TO BE CORRECTED: IMMEDIATELY
