

## Inspection Report

---

Arizona Center for Nature Conservation  
455 N. Galvin Parkway  
Phoenix, AZ 85008

Customer ID: **3432**

Certificate: **86-C-0001**

Site: 001

Arizona Center for Nature  
Conservation

Type: RE-LICENSE INSPECTION

Date: 24-SEP-2024

---

### 3.150(c)(2)

#### Facilities, general.

In two bird enclosures, there is significant rust of fixtures or architectural elements of the structure. The outdoor enclosure for the Common Barn Owl is decorated with heavily rusted and flaking items such as a metal bucket that has holes in the bottom, miscellaneous metal farm-type tools and equipment (e.g. drum cover, license plate, and vehicle wheel cover). A metal round support beam in the multi-species Tropical Flights Walkthrough Aviary has heavy orange and red rust that is flaking and creating defects in the structure. The presence of the rust makes it difficult to clean and sanitize surfaces and over time can lead to structural integrity issues with the metal. The surfaces of the bird housing facilities must be free of rust. The facility initiated corrective measures during the inspection.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by 30 October 2024 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
