

## Inspection Report

Montgomery Zoo  
P.O. Box 3313  
Montgomery, AL 36109

Customer ID: 3025  
Certificate: 64-C-0003  
Site: 001  
MONTGOMERY ZOO

Type: ROUTINE INSPECTION  
Date: 15-MAY-2014

### 2.131(d)(2)

#### HANDLING OF ANIMALS.

\*\*\*An interview with staff revealed that on Sunday April 13, 2014 the attendant was working both the pony rides and the petting zoo at the same time. She explained that the public was allowed to come in and out of the petting zoo interacting with the animals while she was actively leading multiple ponies on the pony rides. A responsible, knowledgeable, and readily identifiable employee or attendant must be present at all times during periods of public contact to prevent injuries to the animals and/or the public. Correct from this day forward.

### 3.75(c)(1)(1) REPEAT

#### HOUSING FACILITIES, GENERAL.

\*\*\*The inside of the shift door of the night quarters for the spider monkeys is rusted. Any surfaces that come in contact with nonhuman primates must be free of excessive rust that prevents the required cleaning and sanitization, or that affects the structural strength of the surface. This was corrected prior to the exit interview.

\*\*\*In the siamangs' primary enclosure the top cross beams were rusted. The siamangs were observed swinging close to the rusted beams. Any surfaces that come in contact with nonhuman primates must be free of excessive rust that prevents the required cleaning and sanitization, or that affects the structural strength of the surface.

### 3.127(c) REPEAT

#### FACILITIES, OUTDOOR.

\*\*\*In the North America barn in the elk's outdoor stall there was an accumulation of standing water that was not properly draining and was pooling within the primary enclosures. A suitable method shall be provided to rapidly eliminate excess water for the well-being of the animals.

This was a focused inspection on the petting zoo exhibit, North America barn, Asia barn, spider monkey island, siamang and chimpanzee exhibit, bear exhibit, elephant barn, records and the hay storage.
