### 2.126(b)

#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Official during the inspection process between 10:29am-11:04 am on 02-April-24. On arrival the inspector rang the doorbell on the house door and called out in the yard as well as knocking on the door of one of the sheds. A message was left at the phone number on the account. A leave behind flyer was left on the house door before leaving. The licensee called at 3:50pm to say his wife and he had been running errands in town during the inspection time. Optimal hours were discussed and updated for the account. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
