### 2.40(b)(2)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

An adult, brown Shih-Tzu male named "Cash" and identified by microchip number (981020011083312) has a left eye with an abnormal appearance. Most of the eye is cloudy with a blue-gray color. There is a watery discharge and a small perforation visible near the center of the eye. The licensee had not noticed the eye prior to inspection. The abnormal appearance of the eye could be an indication of injury, infection, or other medical issues. The licensee must have this animal examined by a veterinarian to obtain an accurate diagnosis and appropriate treatment plan. Documentation should be available for all medical problems. The diagnosis and any recommended treatment must be part of the documentation. The licensee must ensure that all animals receive adequate veterinary care at all times.

To be corrected by: September 22, 2015.

Exit briefing conducted with the licensee.
