2.50(a)(1)

TIME AND METHOD OF IDENTIFICATION.

Examination of APHIS form 7005 Record of Acquisition and Dogs and Cats on Hand, revealed there was no official identification number for any of the dogs. Licensee stated that none of the dogs have an official identification number. Licensee also stated that some dogs may have a microchip, but no scanner was available to determine this. Official identification is required in order to complete the required record keeping. Licensee must provide these dogs with proper identification using either approved microchip, approved tattoo, or approved collar tag. Official identification numbers for each dog must be added to APHIS form 7005, as well as, any other APHIS form that requires it. All subsequent dogs acquired by licensee must be given proper official identification. Licensee must ensure that all dogs have proper identification at all times.

3.3(e)(1)(3)

SHELTERED HOUSING FACILITIES.

Inside the sheltered facility housing German shepherds, the wood around the access doors has been excessively chewed by the dogs. This damaged wood is no longer impervious to moisture. All damaged wood must be replaced or altered in a manner that it becomes impervious to moisture, and the licensee must develop a maintenance plan to ensure that all interior surfaces remain impervious to moisture.

CLEANING, SANITIZATION, HOUSEKEEPING, AND PEST CONTROL.

In the enclosure containing two German shepherds and the enclosure containing one female bloodhound, the water bucket is made of plastic and has been chewed excessively by the dogs. This damage allows dirt, grime and other disease hazards to penetrate the surface of the plastic and does not allow for proper cleaning and sanitization of the
