2.126(a)(2)

ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

***The Manager who accompanied me on inspection does not have access to the records for the inspection today. All records must be made available for review during official inspections as required in this section. Designated personnel to accompany USDA APHIS Officials during inspection shall have a means of providing records required in the Regulations.

Correct by August 24, 2017.

3.125(a) REPEAT

FACILITIES, GENERAL.

***There are two areas at the base of the wire fence for the sheep enclosure that are becoming loose or pushed apart creating larger gaps that may allow unintended animals to access the pen or the sheep to escape. Some of the wire has been broken leaving points that may cause injury. The fence shall be repaired and made structurally sound to protect the sheep.

3.127(b)

FACILITIES, OUTDOOR.

***There is no shelter provided in the enclosure housing the two bulls to protect them from the rain. Shelter shall be provided to allow the bulls to get out of the rain and prevent there discomfort during inclement weather.

Correct by August 24, 2017.

3.127(d)

FACILITIES, OUTDOOR.

***There is no perimeter fence surrounding the fox enclosure in the back yard. I observed the pet dog "Cody" running loose in the yard. The dog approached the fox enclosure barking and harassing the fox. The fox got into the dog house to avoid the dog. A six ft. perimeter fence is required for the fox to restrict animals and unauthorized

persons from having contact with the fox and to act as a secondary containment fence. A perimeter fence no less than six feet in height shall be provided to protect the fox.

***The dog was also observed making contact with one of the two bulls that were laying down in their enclosure. One bull was laying in close proximity to fence. The dog "Cody" was running around the outside of the bull enclosure barking, he made contact with the bull startling him and causing him to jump up and move away. The dog shall be prevented from making unwanted contact with the animals in their enclosures.

Correct by August 24, 2017.
