649 E CENTRAL AVE  
EAGAR, AZ 85925

Customer ID: **504279**  
Certificate: **86-C-0128**  
Site: 001  
R LAZY J RANCH

Type: ROUTINE INSPECTION  
Date: 10-OCT-2023

---

### 3.153(a)(1)(i)

#### Primary enclosures.

The outdoor primary enclosure housing the male Laughing Kookaburra had multiple sharp metal screws pointing into the enclosure from a wooden plank in the ceiling and on the inside of the door to the shelter structure within the enclosure. Sharp points within a bird's primary enclosure can cause injuries such as abrasions or puncture wounds to the animal. Primary enclosures must be designed and constructed of suitable materials and kept in good repair so that there are no sharp points or edges that could injure birds. Corrected at time of inspection.

Correct from this date forward of 11 October 2023.

This inspection and exit interview were conducted with facility representative.
