### 2.31(c)(2)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

\*\*A semi annual review of the animal facilities had not been conducted since January 18, 2016. The animal facilities should be inspected by the IACUC at a minimum of every six months. The IACUC should inspect areas where the animals are housed in addition to study areas in order to ensure there is no threat to the health or safety of the animals.

Correct immediately

### 2.31(c)(3)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

\*\*The report to the Institutional Official had not been prepared and submitted to the Institutional Official since January 2016. This does not allow the Institutional Official to be kept informed on IACUC functions at the frequency required by regulations. Prepare and submit reports of the facility and humane care and use program evaluations to the Institutional Official at least once every 6 months.

Correct immediately.

### 2.33(a)(1)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

\*\*While reviewing records it was noted that the program of veterinary care was not complete. The program of veterinary care listed the previous attending veterinarian and had not been updated to include information for the new attending veterinarian. The attending veterinarian responsible for care of the animals should be listed on the program of veterinary care. It is necessary for the research facility to have a formal written agreement with the attending veterinarian who is responsible for providing care to the animals in order to ensure proper veterinary oversight.
