Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 11:00am on February 13, 2024. Upon arrival, a sign was observed on the front door requesting that visitors call or text. The inspector called the licensee and left a voicemail message.

At approximately 11:18 AM an adult male came out of the house. He stated that the licensee was not home, the licensee was coming back that evening, and that he was not authorized to conduct inspections. The inspector left an attempted inspection flier and business card.

The licensee responded by email that afternoon and indicated she had received the flyer and the business card.
