2.40(a)(1) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The program of veterinary care only includes bear and domestic dogs. It does not include the fox, coyote, lion, and goat. There has been no change in the program of veterinary care from the last visit.

Each exhibitor shall have a written program of veterinary care to include all species held by the licensee.

Have your veterinarian complete a written program of veterinary care for all species held.

2.40(a)(2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

I had an appointment today with the attending veterinarian to discuss what is required of the licensee to meet the regulation for Attending Veterinary Care. Specifically the written program of veterinary care, the attending veterinarians authority and daily observations. The attending veterinarian stated that his veterinary recommendations have not been followed in the past.

Each exhibitor shall assure that the attending veterinarian has appropriate authority to ensure the provision of veterinary care.

All written and verbal instructions for veterinary care made by the attending veterinarian must be followed to ensure the health and well-being of the animals kept at the facility.

To be corrected now on.

This inspection and exit interview were conducted with the licensees wife.
