Site: 006

CARRINGTON COLLEGE CALIFORNIA - SAN LEANDRO

Type: ROUTINE INSPECTION

Date: 08-FEB-2017

2.31(d)(1)(ii)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

In the teaching protocol for canines that was approved by the Institutional Animal Care and Use Committee (IACUC), it states that three dogs per year will be used under Pain Category D - which involves procedures which may cause more than momentary or slight pain or distress, but the protocol does not include written documentation and description of consideration of alternatives to such procedures, as required.

Prior to approving a protocol the IACUC must review the proposed activities, and ensure that alternatives that might minimize pain and distress have been adequately considered. Failure to include this consideration could result in unnecessary pain and / or distress for the animals.

The protocol should be revised, and reviewed by the IACUC prior to any Category D animal use. Correct for all Category D activities in all protocols by May 1, 2017.

This inspection and exit interview were conducted with the facility veterinarian.
