2.75(b)(1) Repeat

Records: Dealers and exhibitors.

The licensee is lacking an animal inventory reflecting the currently housed 40 adult and juvenile hedgehogs. Inventory records allow Animal Care officials to track the animals. A current inventory with all required information must be maintained for animals on hand, any offspring born on premises, and animals sold or dead.

2.134 Repeat

Contingency planning.

The licensee is lacking a written contingency plan. Dealers must develop, document, and follow an appropriate plan to provide for the humane handling, treatment, transportation, housing, and care of their animals in the event of an emergency or disaster. Not having a written plan could cause delay of help for the animals and could negatively affect their health and well-being in the case of an emergency or disaster.

This inspection and exit interview were conducted with the licensee.
