### 2.126(b)

#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 10:00am to 10:30am on 11/20/2024. The inspector attempted to contact the licensee by knocking at door of the facility, honking the car horn, and by calling at the phone number in the account. When called the facility representative said that no representative could be available for the inspection.

Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
