2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The program of veterinary care is not detailed enough for each species held at the facility. The program does not list each species and what is required for routine veterinary care annually.

Each exhibitor shall have an attending veterinarian, in the case of a part time veterinarian the program must be written.

Have your veterinarian add more detail to the program so that the inspector can ensure that animals are receiving appropriate annual care.

To be corrected by May 11, 2017.

2.75(b)(1)

Inspection Report

The licensee has lost approximately 16 prairie dogs from drowning in the enclosure.

A suitable method shall be provided to rapidly eliminate excess water. The method of drainage shall comply with applicable Federal, State, and local laws and regulations relating to pollution control or the protection of the environment.

Ensure that the enclosure for the prairie dogs has a drainage system that eliminates water so that it does not cause death to the animals held captive in the enclosure.

To be corrected by June 11, 2017.

This inspection and exit interview were conducted with the licensee.
