SANITATION.

Housekeeping. There is a pile of empty feed bags by the wall and loose and scattered hay on the floor around the feed pallets in the barn. Clutter and miscellaneous items are being stored on top of animal shelters in the barn. Housing facilities and food storage areas must be kept neat, clean, and in good repair to prevent pest problems, and to facilitate good husbandry practices to protect the health of the animals. Correct by discarding empty feed bags, storing all trash properly, cleaning the barn floor of loose hay, and removing clutter and stored items from the tops of animal shelters. Correct by August 1, 2016.

An exit briefing was conducted with facility representative.
