#### Institutional Animal Care and Use Committee (IACUC).

In January 2024, the IACUC conducted the semi-annual facility inspection by still photographs emailed to all members for approval. Facility inspections must be conducted in person by at least 2 members of the IACUC, provided no one who wants to participate is excluded. In person inspections allow for a thorough and complete assessment in real time and attention to detail that can be lacking in still photographs. Correct by ensuring at least 2 members of the IACUC conduct in-person facility inspections at the next semi-annual review, no later than July 31, 2024.

This inspection and exit interview were conducted with a facility representative.
