

Inspection Report

THOMAS WALSH
52 LEBANON RD
NORTH BERWICK, ME 03906

Customer ID: **39947**
Certificate: **11-R-0027**
Site: 001
CAT'S PAW FARM

Type: ROUTINE INSPECTION
Date: 29-JUL-2021

3.56(c)

Sanitation.

The rabbit room had urine staining and dried puddles on the walls and in corners where racks had previously been placed. Accumulations of urine and waste products contribute to odors that are unpleasant and may produce respiratory problems in rabbits. Additionally, accumulated waste products contribute to bacterial growth that may adversely impact animal health and lead to disease. The premises shall be kept clean in order to maintain the health of the animals.

Correct by: Monday August 9, 2021

This inspection and exit interview were conducted with the facility representative.
