2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 10:30 am on January 27, 2025. The inspector attempted to contact the licensee/registrant at the shop on the same site as the facility and by having an adult on site speak to the licensee over the phone. The licensee reported that they could not be available for inspection within an hour. None of the other adults on site were able to do the inspection. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
