Customer ID: **2064**

Certificate: **22-C-0140**

Site: 001

001 - MIDDLESEX COUNTY  
PARKS DEPARTMENT

Type: ROUTINE INSPECTION

Date: 29-SEP-2021

---

### 3.125(a)

#### Facilities, general.

A recent storm has caused two large trees to fall against two interior, dividing fences for the white tail deer and one male goat. These fallen trees have crushed the top rails as well as the fence fabric leaving the fences in severe disrepair.

TO BE CORRECTED BY: DECEMBER 29, 2021

A section of the goat enclosure fence has damaged fabric as well as on the fence surrounding the tree in the goat enclosure. This fabric has been damaged by the goats leaving it detached from the top rails. Damaged fabric could cause injury to the goats.

Fencing must be constructed of such material and of such strength as appropriate for the white-tailed deer and goats. Outdoor housing facilities shall be structurally sound and shall be maintained in good repair to protect the animals from injury and to contain the animals.

Damaged fence fabric for the goats: TO BE CORRECTED BY: OCTOBER 20, 2021
