Records: Dealers and exhibitors.

There were no sale records present for rabbits sold since September 12, 2024. Failure to keep and maintain records of all rabbits sold makes it difficult to track animals and document changes in ownership. Sale records must include: the name and address of the buyer, date of purchase, species name, and the number of rabbits in the shipment. Licensee must keep and maintain records of all rabbits sold. Correct by November 7, 2024.

This inspection and exit interview were conducted with the licensee.
