Animals for Education

Type: ROUTINE INSPECTION
Date: 21-AUG-2024

3.153(a)(1)(ii)

Primary enclosures.

In an outdoor enclosure, containing a single Turkey Vulture, there were multiple broken ceiling joists with exposed irregular and sharp metal edges. Where the ceiling joists were broken, the supports beams had also lowered on one end further exposing the occupant to the sharp metal. Primary enclosures must be constructed and maintained so that they protect the birds from injury.
Correct by: 08/30/2024

This inspection and exit interview were conducted with Facility Representative.
