Type: RE-LICENSE INSPECTION

Date: 31-JAN-2023

2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The licensee has an attending veterinarian but does not have a written program of veterinary care. Lack of a written program of veterinary care cannot ensure that adequate and appropriate veterinary care is being provided to the animals. The licensee must develop and maintain a written program of veterinary care.

This is a 1st Re-License Inspection for a Class C license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by April 1st or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
