Requirements and application.

This facility is currently conducting regulated activity without a USDA license. Five (5) disposition forms confirmed the transfer of a total of 24 dogs and/or puppies from this facility/business to a USDA Licensed B Dealer. In addition, a board member for this facility/business confirmed that the facility acquires animals from different locations. The board member stated that at least a portion of those animals are then transferred to a USDA licensed B Dealer for the purpose of being re-sold and/or distributed. This facility is not exempt from licensing. No person/business shall operate as a dealer without a valid USDA license to ensure there is proper oversight of all animals being used for regulated activity under the Animal Welfare Act. Correct by discontinuing regulated activity until a USDA License can be obtained.
