

Inspection Report

Indian Cliffs Ranch Inc.
P. O. Box 1056
Fabens, TX 79838

Customer ID: **15544**
Certificate: **74-C-0550**
Site: 001
Indian Cliffs Ranch Inc.

Type: ROUTINE INSPECTION
Date: 14-JUL-2015

3.125(a)

FACILITIES, GENERAL.

The wooden stall door in one outdoor enclosure ("IP stall") has 4 inch vertical gaps on both outer edges of the door. These vertical gaps create a space where the three animals housed in this pen (one adult female goat and two young mouflon) could potentially become injured by entrapping a leg or foot. Outdoor housing facilities must be structurally sound and maintained in good repair to protect the animals from injury and to contain the animals. To be corrected by: August 7, 2015.

3.125(c)

FACILITIES, GENERAL.

There are several open bags of feed and spilled feed pellets on the floor in the dry feed storage building. Open bags of feed are not protected from deterioration or contamination by ants, roaches, mice, and other pests. Open bags of feed must be stored in a manner which protects such supplies from deterioration, molding, or contamination by vermin such as in a container with a tightly fitting lid. To be corrected by: August 7, 2015.

Inspection and exit briefing conducted with facility representative.
