SANITATION.

Premises shall be kept clean to facilitate the prescribed husbandry practices set forth in this subpart. Animal feed was found on the floor and shelving throughout the room that the 65 hedgehogs were housed in. Open bags of bedding and feed were in the room as well as an open garbage can. Any spilled food must be cleaned up and disposed of properly so that it does not attract vermin. Supplies of food and bedding shall be kept in closed containers to prevent contamination. If a waste receptacle is to be kept in the animal room it should be covered when not in use.
