3.1(a)

HOUSING FACILITIES, GENERAL.

One Pomeranian/Japanese Chin dog was observed during the inspection to have climbed to the top edge of the 4 feet tall enclosure fence. This dog was balanced in the corner standing on the strands of the panel fence. This dog could be injured climbing up and down this fence or could escape from this enclosure. All facilities must be constructed in a manner that protects the animals from injury and securely contains the animals. Correct by 27 July 2017.

This inspection and exit interview were conducted with a facility representative.
