

## Inspection Report

Bonnie Springs Zoo  
16395 Bonnie Springs Road  
Blue Diamond, NV 89004

Customer ID: **325447**  
Certificate: **88-C-0196**  
Site: 001  
BONNIE SPRINGS ZOO

Type: ROUTINE INSPECTION  
Date: 29-APR-2015

### 2.40(a)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

A bottle of Tramadol located inside a locked drug cabinet and obtained from the attending veterinarian had no prescription label on it. No other written veterinary instructions for its use were made available during inspection. This medication is currently being used for a covered species at the facility. Medications must be labeled with appropriate and accurate information in order to ensure that they are used safely and appropriately. As part of the program of adequate veterinary care, the licensee must ensure that all medications are labeled with the contents (name and concentration of drug), the route of administration, duration, dosage instructions (specific for the species of animal being treated), and expiration date. The licensee must ensure that appropriate methods of veterinary care are used at all times.

Correct by 05/22/2015

### 2.40(b)(2)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The approved written Program of Veterinary Care (PVC) did not include sugar gliders and wallabies. All covered species should be addressed in the PVC to ensure the facility has a program to follow concerning the care of all the animals. Failure to do so could adversely affect the health and well-being of the animals. A complete and accurate written Program of Veterinary Care with consultation from the attending veterinarian must be in place.

Correct by 05/29/2015

Exit interview conducted with facility representative.
