Certificate: **34-C-0403**
Site: 001
JAMES JONKER

Type: ROUTINE INSPECTION
Date: 14-JUN-2017

3.76(a)

INDOOR HOUSING FACILITIES.

The temperature at 2:40 PM in the area of the non-human primate was 92 degrees.

The ambient temperature in the facility must not rise above 85 degrees. The ambient temperature must be maintained at a level that ensures the health and well-being of the species housed, as directed by the attending veterinarian, in accordance with generally accepted professional and husbandry practices.

Ensure that the temperature in the area housing the non-human primate does not exceed 85 degrees or as directed and documented by the attending veterinarian.

To be corrected by end of business today.

This inspection and exit interview were conducted with the licensee.
