Certificate: **56-C-0261**

Site: 001

CHARLES TOWNE LANDING

Type: ROUTINE INSPECTION

Date: 30-NOV-2022

2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The facility's program of veterinary care did not include written provisions and outlined care for the newly acquired species. The written program of veterinary care is needed to ensure that the facility understands the expectations of the attending veterinarian regarding the veterinary care of regulated animals. The facility should ensure that the written program of veterinary care is available for review during all USDA inspections.

Each facility shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the facility.

Correct by December 9, 2022.

3.127(d)

Facilities, outdoor.

The back side of the primary enclosure housing one raccoon is only one foot away from the surrounding perimeter fence. While the current enclosure is purposed for temporary housing, the back side is less than three feet away from the fence line nearby.

Inspection Report

Having a perimeter fence in place protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it, permitting contact with the animals in the facility. Additionally, it serves as a secondary containment system for the animals in the facility.

The perimeter fence must be of sufficient distance from the outside of the primary enclosure to prevent physical contact between animals inside the enclosure and animals or persons outside the perimeter fence. Non-dangerous animals housed in outdoor facilities require a 6-foot-tall perimeter fence around their enclosure and must be at least 3-feet away from any enclosures or buildings.

Correct by December 7, 2022.

This inspection and exit interview were conducted with the authorized person.
