DAKIN DAIRY FARMS INC

Type: ROUTINE INSPECTION
Date: 31-JAN-2018

2.40(b)(2) DIRECT REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

There is light tan adult ewe limping favoring her left front foot and rear right rear foot at the pasture in front of the barn. During the inspection this sheep was limping each time she walked while eating grass. There are two billy goats, one white with a white and brown head and one brown that have overgrown hooves that have not been provided adequate veterinary care.

Without adequate veterinary care for these animals they may develop further medical problems and endure more discomfort and pain. For the health and welfare of the animals at this facility this exhibitor shall establish and maintain programs of adequate veterinary care to its animals that include the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries. Noncompliance's for lame goats and sheep were cited during previous inspections on December 19, 2017 and October 19, 2017, and for overgrown hooves December 19, 2107.

2.40(b)(3) DIRECT REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

There is a light tan adult ewe limping favoring her left front foot and rear right rear foot at the pasture in front of the barn. There are two billy goats, one white with a white and brown head and one brown that have overgrown hooves.

The attending veterinarian was not aware of these animals needing veterinary care. All animals must be daily observed to assess their health and well-being and Provided, further, That a mechanism of direct and frequent communication is required so that timely and accurate information on problems of animal health, behavior, and well-being is conveyed to the attending veterinarian. This noncompliance was cited during the previous inspection December 19, 2018.

3.130 REPEAT

WATERING.
