Requirements and application.

The facility sold four coati at an exotic auction in Tennessee without a valid USDA AWA license. The consignor settlement that dates 9/6/2024 shows that the four coati were sold by this unlicensed dealer to Wilson Horses and Mules Auction. A valid license is necessary to protect the health and well-being of the animals and to comply with the Animal Welfare Act and Regulations. No person shall operate as a dealer, exhibitor, or operator of an auction sale, without a valid license. The facility needs to obtain a USDA license if continuing to sell or exhibit exotic/wild animal species.

Correct by applying for a license by 03/14/2025. No regulated activities may be conducted until a USDA license is obtained.

This inspection and exit interview were not able to be conducted with facility representative due to no response.
