### 2.126(b)

#### ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1200 PM on 11-JUL-17.

Inspectors arrived at the facility (which was closed to the public) and spoke to an adult male, who advised us to call the authorized persons on the license. We attempted to call both authorized persons listed and left messages at both numbers. The adult male is a member of the family and had access to the animal facility, but not the records and wanted to get permission to conduct the inspection from the licensees by phone. After multiple attempts to call (by both parties) and waiting for a call back from either of the licensees, no contact was made with the licensees and the adult male needed to leave the facility and we left the property at 1 PM.

#### Additional Inspectors

Rosendale Marcy, Veterinary Medical Officer
