Maysville, GA 30558

Customer ID: **325520**
Certificate: **57-B-0162**
Site: 001
LEM MINISH

Type: ROUTINE INSPECTION
Date: 24-JUL-2014

2.50(b)(3) REPEAT

TIME AND METHOD OF IDENTIFICATION.

None of the 13 puppies present have any form of identification on them or their enclosures. Puppies less than 16 weeks of age shall be identified by an official tag, tattoo, or plastic-type collar that contains the information required for an official tag (sec 2.51). Proper identification shall be applied to each of the puppies or their individual enclosures.

2.75

RECORDS: DEALERS AND EXHIBITORS.

Records maintained are incomplete: The addresses and phone number for the puppies received on Form 7005 have not been filled out completely the information provided for the white shepard puppy states only the name of the seller and the city. All information on the form shall be filled in, including a complete address, upon acquisition of the puppies. Form 7006 shall be completed for each sale, transfer or donation. A copy of the record should be sent with the buyer and the remaining copies shall be maintained. Correct by August 7, 2014.

3.126(b) REPEAT

FACILITIES, INDOOR.

The room housing the sugar gliders has a strong pungent odor. There is inadequate ventilation in the room. Indoor housing facilities shall be adequately ventilated by natural or mechanical means such as windows, doors, fans, etc. Adequate ventilation shall be provided for the health and well-being of the animals.

3.126(c)

FACILITIES, INDOOR.

The room housing the sugar gliders has no windows or means of natural lighting. Currently the light is turned on when the staff arrives around 10:00 am and it is turned off when they leave around 2 or 3 pm. Indoor housing facilities shall have ample lighting provided by natural or mechanical means. The lighting should be provided as appropriate for the species involved and should approximate the hours of daylight and night during a normal day (24 hr period). Correct by August 1, 2014.
